This letter brings to your attention, the valuable qualities I have found in my working relationship with Mr. Riccardo Lo Faro.

The most valuable quality he possesses is "integrity"... in whatever he is faced with or undertakes. His sense of dedication is without measure! His sense of responsibility to any single project he undertakes is a true dedication!

As Editor-in-Chief of "Convivial Spirit" - the official publication of the Delegation of New York of the Accademia Italiana della Cucina, a Cultural Institution of the Italian Republic, Riccardo Lo Faro has flourished.

He has a great gift as a writer: to paint beautiful pictures with words!
